Defendant

## Complaint and Request for Injunction

## JURISDICTION AND VENUE

Because this is diversity of citizenship of the two parties involved, the Federal District Courts have jurisdiction as stated in Title 28 Section §2331. The Defendants have offices that are in the District of Columbia, and the crimes of conspiracy to commit murder, and assault and battery (horsewhipping). Both of these facts give sufficient contact for its jurisdiction. Other jurisdictions include Title 18 U.S.C. §1595 for mandatory restitution of peonage. Title 28 U.S.C. §1346 gives the court jurisdiction over a case in which the United States government is a defendant.

11 Title 28 U.S.C. §1343 gives jurisdiction to the court over “...any civil action authorized by law to be  
12 commenced by any person: (1) To recover damages for injury to his person or property, or because  
13 of the deprivation of any right or privilege of a citizen of the United States, by any act done in  
14 furtherance of any conspiracy mentioned in Section 1985 of Title 42;...” and (2) “...To recover  
15 damages from any person who fails to prevent or to aid in preventing any wrongs mentioned in  
16 section 1985 of Title 42, which he had knowledge were about to occur and power to prevent; (3) To  
17 redress the deprivation, under color of any right, privilege, or immunity secured by the  
18 Constitution of the United States; (4) To recover damages or to secure equitable or other relief under  
19 any Act of Congress providing for the protection of civil rights, including the right to vote.  
20 It goes on to state that, (b) “For purposes of this section – (1) the District of Columbia shall be  
21 considered to be a State; and (2) any Act of Congress applicable exclusively to the District of  
22 Columbia shall be considered to be a statute of the District of Columbia.”

23  
24 In Title 42 U.S.C. §1985 (3), If two or more persons in any State or Territory conspire or on the  
25 premises of another, for the purpose of depriving, either directly or indirectly, any person or class of  
26 persons of the  
27 go in disguise on the highway to of preventing or hindering the constituted authorities of any state  
28 giving or securing to all persons within such State or Territory the or Territory conspire or go in  
29 disguise on the highway or on the premises of another, for the purpose of depriving either directly  
30 or indirectly any person or class of persons of the equal protection of the law.

31  
32 Title 18 U.S.C. §1593 gives jurisdiction for the courts to give mandatory restitution for any crime  
33 outlined in Title 18 U.S.C. §1581 to §1592.

The Venue is proper, in that the diversity exists because defendants reside in multiple locations, but the violations of the law and causes of action and the digital server where the violation occurred is located in Washington, D.C. The plaintiff and defendant “Donald Trump” reside in South Carolina and “West Palm Beach, Florida, respectively.

#### LEGAL STANDARD

I am asking that the legal standard for the case be strict scrutiny because I am a U.S. born citizen in two protected classes, disabled American with protections under the Americans with Disabilities Act and a black American with protections under the Civil Rights Act of 1964, and other codes protecting both classes listed here. I have been discriminated against by the defendants for over 51 years routinely.

I am mentally disabled as described in 22 C.F.R. Section 35.108. I am recorded as disabled by the Social Security Administration, and was reconfirmed mentally disabled in November of 2023. (Exhibit).

#### INTRODUCTION

I had help with my legal research and what to type. People could see through the fiber optic in my eyes from Washington D.C., with my permission to help me win my case. I would like to testify about others who are being harmed around me before it is too late.

58 Title 18 U.S.C. 1346 states, for the purposes of crimes done under Chapter 63, “Mail Fraud and  
59 Other Fraud Offenses”, “For the purposes of this chapter, the term “scheme or artifice to deprive  
60 another of the intangible right of honest services.”

61

62 Title 18 U.S.C. 1343 states, “Whoever, having devised or intending to devise any scheme or artifice  
63 to defraud, or obtaining money or property by means of false or fraudulent pretenses,  
64 representations, or promises, transmits or causes to be transmitted by means of wire, radio, or  
65 television communication in interstate or foreign commerce, any writings, signs, signals, pictures,  
66 or sounds for the purpose of executing such scheme or artifice, shall be fined under this title or  
67 imprisoned not more than 20 years, or both.” It goes on to say that if the scheme, “...affects a  
68 financial institution, such person shall be fined not more than \$1,000,000 or imprisoned not more  
69 than 30 years, or both.”

70

71 The state of South Carolina’s agencies are collusive in keeping my money in its Department of  
72 Revenue accounts from court cases pending on my end, but run under seal on theirs and put there  
73 for after my untimely death. It is known that I insulted the former and now President – Elect Donald  
74 Trump and his wife after she insulted me with a painful comment (Moore v Trump).

75

76 I am suing the defendants for colluding to have me horsewhipped for calling Melania Trump an  
77 inappropriate word under the 1<sup>st</sup> Amendment, (Title 18 U.S.C. §241,242), and Title 42 U.S.C.  
78 §1983. I am also suing the defendants for aiding and abetting the horsewhipping perpetrators along  
79 with attempted murder of me (Title 18 U.S.C. § 113), the pregnancies under the Equal Fetal  
80 Protection Act, intrusion upon seclusion, (tort, S.C. 16-70-470), mental abuse of a vulnerable adult  
81 (S.C. 43-85-75), intellectual property theft (Title 18 U.S.C. 1832a), forced labor (Title 18 U.S.C.  
82 §1589), conspiracy to kidnap (Title 18 U.S.C. §§241,1985), and kidnapping (Title U.S.C. § 242),

83 Conspiracy Against Rights – Not letting me plead before the election (Title U.S.C. §1985,  
84 conspiracy against rights), Peonage (Title 18 U.S.C. §1581),  
85  
86 They are also in the process of violating terrorism law by endangering the communications devices  
87 I allege were put in me by DARPA that are part of the mobile browser internet (Title 18 U.S.C. §  
88 1030, Title 6 U.S.C. § Part 29). (ARPANET mini-transceiver- X-Ray). Attempted Murder by  
89 Lynching (Title 18 U.S.C. §113), and Business Interference (Title 18 U.S.C. §1581) and Criminal  
90 Interference with Housing rights (Title 18 U.S.C. § 3631) by making sure my credit was damaged to  
91 keep me from moving from South Carolina; they plan to be the state that held me to be whipped for  
92 Donald Trump and keep the money allotted to me from court judgments that was set aside under  
93 seal. The defendants plan was that the money due me was to never be known to me or spent by me;  
94 I was to die then, then my relatives, then it stay in an estate account for others to divide out to  
95 themselves.  
96  
97 The defendants had already shown a pattern of violating my due process rights personally by not  
98 taking my complaints and investigating them. Their negligence has set the environment for  
99 perpetrators to assault me at a private event for the former President Trump and his wife's honor  
100 without fear of arrest.  
101  
102 The governor of South Carolina is a fan of Donald Trump. The pattern of negligence and down right  
103 hostility under his watch getting funds due me over the years has been an ongoing issue that I intend  
104 to resolve in court. (Moore v SCDEW, Moore v SC Insurance Agency, Moore v SLED, Moore v  
105 SCLLR). These matters are a reflection of the culture in South Carolina under Henry McMaster,  
106 and his likely cooperation with allowing me to be horsewhipped and deny it after the fact.  
107

108 The perpetrators inside of South Carolina government worked together to have me  
109 stuck in South Carolina to keep funds from me that was made aware to them would be coming for  
110 me after DARPA staff members passed away, and I would be allowed to sue the government for  
111 wrongdoings.(Moore v DARPA). The \$1.8 Billion that I was going to sue for was on a spreadsheet;  
112 that same amount is now in an South Carolina Department of Revenue account, written as a  
113 “mystery” account.

114  
115 The government was alerted by phone and e mail over the years of crimes done towards me and  
116 would only engage me as a mental patient to handcuff and shackle in front of others.

117  
118 I tried to talk to the Joe Biden Administration and Special Counsel Jack Smith by certified mail, and  
119 restricted return receipt, respectively. Neither have answered back.

120  
121 Title 18 U.S.C. 1346 states, for the purposes of crimes done under Chapter 63, “Mail Fraud and  
122 Other Fraud Offenses”, “For the purposes of this chapter, the term “scheme or artifice to deprive  
123 another of the intangible right of honest services.”

124  
125 Title 18 U.S.C. 1343 states, “Whoever, having devised or intending to devise any scheme or artifice  
126 to defraud, or obtaining money or property by means of false or fraudulent pretenses,representaions,  
127 or promises, transmits or causes to be transmitted by means of wire, radio, or television  
128 communication in interstate or foregin commerce, any writings, signs, signals, pictures, or sounds  
129 for the purpose of executing such scheme or artifice, shall be fined under this title or imprisoned not  
130 more than 20 years, or both.” It goes on to say that if the scheme, “...afffects a financial institution,  
131 such person shall be fined not more than \$1,000,000 or imprisoned not more than 30 years, or  
132 both.”

133

134 The state of South Carolina's agencies are collusive in keeping my money in its Department of  
135 Revenue accounts from court cases pending on my end, but run under seal on theirs and put there  
136 for after my untimely death. It is known that I insulted the former and now President – Elect Donald  
137 Trump and his wife after she insulted me with a painful comment (Moore v Trump).

138

139 The local government with the watchful protection of Govenor Henry McMaster and Mr. Wilson  
140 have not been held accountable for negligence, nor will they when I am picked up and taken to be  
141 horse whipped as promised to the Trumps as retrobution for the comment.

142

143 The state of South Carolina's agencies are collusive in keeping my money in its Department of  
144 Revenue accounts from court cases pending on my end, but run under seal on theirs and put there  
145 for after my untimely death. It is known that I insulted the former and now President – Elect Donald  
146 Trump and his wife after she insulted me with a painful comment (Moore v Trump). They will have  
147 sufficient cover to kill me in custody on whatever fake charges they intend to move on from the  
148 created exigent circumstances over the years from DARPA social engineers (Moore v DARPA).  
149 They have components in me and have been able to coerce me to do actions against my will over  
150 the span of 50 years to keep lucrative data traveling undetected (Exhibits, medical records,  
151 transceivers hidden in my bone structure).

152

153 The United States government employees connected to the Republican Party had already pre-  
154 planned to use me as spyware my entire life without regard to the Supreme Court ruling in Katz v  
155 United States lawful orders of the Judicial system of this country. J.C.R. Licklider, a scientist from  
156 St. Louis, MO, was over the tech division of the DARPA agency that does military experiments on  
157 humans and other things to further technology. Mr. Licklider, "Lick", wrote a paper called Man-

158 Computer Symbiosis for Massachussetts Institute of Technology (MIT) in 1965. In it, he discussed  
159 the possibility of creating cyborgs by placing components inside of human subjects to give them  
160 enhanced abilities.

161

162 This can be assumed because of the COM Link device embedded in my skull. The bones of a  
163 person hardens in the womb at 15 to 18 weeks. So, it is clear they were ot going to ever take it out  
164 in my lifetime. There is also fiber optic cable in my eyes; the Republican party has used me as labor  
165 and as spyware to block potential black Presidential hopefuls from 1991 to 1995, including former  
166 President Barack Obama. The devices and components in that has people telling me what to do,  
167 what to say, and threatening me as well as eavesdropping on others.

168

169 C.F.R. 35.108(d)(1)(ii) makes it clear that, once it is decided that I am disabled, federal judges can  
170 only determine if I have been discriminated against, not whether or not I am disabled “enough” for  
171 the protections under the Americans with Disabilities Act. It took me 5 years to get a 2 year degree;  
172 I have a learning disability and difficulty typing and reading sometimes. When I learn something  
173 after much effort, it is retained for the most part. Damage to my skull from the slave gun in me that  
174 law enforcement refuses to acknowledge has caused me more cognitive issues than before. I was  
175 last shot for non-compliance in 2022, and again to keep me from finishing my pleadings November  
176 10<sup>th</sup>, 2024 at 1:01 pm EST. I was shot twice this time on November 10<sup>th</sup>, 2024. My cars were taken  
177 from me; the state of South Carolina’s Insurance Agency did not acknowledge my complaint of  
178 inflated estimates (polygraphs). C.F.R. 35(d)(1)(iii) states, “

179

180 “. So even if it isn’t present at the time, (like a war veteran who only got upset when a firecracker  
181 went off near him), a person is still considered disabled if it has been determined if it was active in  
182 front of you daily. It is life disrupting of a major life event for me.

183

184 There is also activity around little children being harmed in the area under the Trump  
185 administration's last term in which a child was ran into the woods by a man saying, "Come here  
186 nigger!" in anger.

187

188 I don't know what the outcome was; for various reasons I have been blocked from reaching out for  
189 help from inside of the state. The main reason is believed to preserve the \$1.8 Billion set aside from  
190 court judgments allegedly ran under seal from a series of court cases with my evidence against  
191 DARPA and tech companies. The cases were allegedly run using my medical records from  
192 experiments I allege DARPA of the Department of Defense on me in 1973 (attachments.)

193

194 I have gotten no answer back from either, even with questions surrounding a possible grenade and  
195 or weapons in my body. I am not sure the actual documents ever left the state.(Moore v Department  
196 of Homeland Security)

197

198 I am intending to sue DARPA, under the Department of Defense for their part in getting  
199 components in my body as a baby, hiding this from me until the last manager of the project on the  
200 government side died, and continually using me as an entrance and exit point to the internet.

201

202 I have tried to get help for the children and others I could hear that were nearby, including a child I  
203 believed was alive still in the toilet system. When I tried to tell Officer Ruyska (video) what was  
204 going on, she did not take me seriously either, and offered mental health services.

205

206 Because of the devices in me from DARPA, Donald Trump's campaign and Administration were  
207 able to get sound bites of some verbal words between me and some other Democratic supporters

208 regarding former President Barack Obama. Because of this, they had people be kind to me to get me  
209 to feel comfortable talking about rumors they were hearing to help during the election. I had  
210 exchanged insults with his wife Melania Trump over my COM link device (whether or not she  
211 heard is unknown), and it set off several supporters to have me beaten. He had talked them out of it.  
212 However, when other angry Democrats who wanted to have me left here while “appropriate” blacks  
213 moved on in life saw I wasn’t in trouble anymore, they got me to say mean things (Polygraph, L.  
214 Stan Fulmer, May 29<sup>th</sup>, 2020).

215

216 He got upset again, and this time at a rally said, “Ah Karen, you’re not gonna like what I’m gonna  
217 let them do to youz... when we get back into the White House...[cheers and applause in  
218 background]. This recording was played to me in 2021. When it came to light I could hear the  
219 Republicans and some of their conversations, Mr. Trump was heard saying, with what sounded like  
220 the ocean in the background, “I don’t know how she heard me, they’re looking into it now.” (2021  
221 or 2022).

222

## 223 BACKGROUND

224 Because of my statement indicating a man that bears resemblance to then Barack Obama tried to  
225 talk to me in 1995 in Chicago, IL (Polygraph), the Trump Administration had people surveillance  
226 me to see if I would talk about it. I criticized his choice to keep Rex Harrison and that he should not  
227 have been allowed to tell him what do do; he was the people’s choice under at the time and we were  
228 to live with it.

229

230 Mrs. Trump and Mr. Trump eavesdropping ,violating the 4<sup>th</sup> Amendment in my life as government  
231 officials, (Title 18 U.S.C. §§ 241,242, Title 42 U.S.C. §3617, Title 22 U.S.C. §7102, Title 18 U.S.C.  
232 §402 (Katz v United States, 389 U.S. 347 (1967), 1<sup>st</sup> Amendment, retaliation) . She [Ms. Trump]

233 said, “Tell Karen to worry about her own problems.” I returned with “ ‘B’ that is all I’ve been  
234 doin’!” angry.

235

236 Then, I dropped the “C” word. I have brain tumors from the objects in my skull where emotion is  
237 controlled (Exhibits). I had to watch men get a way with raping girls in my state, my father had just  
238 died, and I was avoiding a person who had stalked me. Cancer symptoms had returned, my car was  
239 stolen, and I was sent back to servitude for the slave owners. I also had pressure in my skull from  
240 the car accident along with the 2 birth defects growing into my brain.

241

242 Someone had begun to make arrangements to have me horsewhipped for calling her that. Another  
243 young woman from the community, possibly Nazi made arrangements for her handmaid child to be  
244 put up me so she can sue me later as a bad surrogate. I did not agree to be a surrogate. In solidarity  
245 with this woman, Melania Trump had red Christmas trees in the foyer to let her know she would  
246 wait until after the child was out. She knew in my state the racism and that I was a handmaid.

247

248 The Trump organization tried to cover its tracks after it found out the ARPANET transceiver in my  
249 body transmitted the internet by starting Truth Social. This allowed him plausible deniability that he  
250 would ever have said it was okay to whip me.

251

252 Even with knowledge of this, the Trump Administration held an event in which Mr. Trump said,  
253 “Ah, Karen, you’re not gonna like what I’m gonna let them do to youz, when we get back into the  
254 White House...”[cheers and applause].

255

256 His duty as commander in chief is that he is required to protect the border and other national  
257 security entrance points for the United States, including the ARPANET transceivers in my body, my

258 twin, and possibly my brother (Moore v Spielberg). He breached that by guaranteeing me being  
259 horsewhipped on his return to be allowed by locals or others in hate groups and/or the Republican  
260 Party.

261

262 The duty as a private citizen is to not use his influence to incite a mob to lynch me for calling his  
263 wife a swear word with a series of components and brain tumor/birth defects in my head. I am  
264 disabled. He should have just blown it off.

265

266 Instead, he breached his duty and has spoken to people who I have heard in my COM Link, that he  
267 didn't want me taken until I said something about Obama. He instructed the perpetrators who would  
268 horse whip me what violence he would like. ("You can whip her all you want; Melania and I  
269 can't stand her."(2022)).

270

## 271 CAUSES OF ACTION

272

### 273 Cause of Action #1

274 Right to Vote, Interfering with the Election Process, (18<sup>th</sup> Amendment)

275 The defendants have a duty to not interfere with a person's right to vote. They breached that by  
276 contacting people to intimidate me from voting as I would and to direct me to what is advantageous  
277 to the Republican Party.

278

279 DARPA's J.C.R. Licklider was a psychologist, computer scientist, and cyborg technology MIT  
280 specialist in the 1960s. Southern Republicans used Mr. Licklider's interfered with the Election  
281 process from 1991 to 1995 by using me to spy on would be black presidential candidates, including  
282 former President Barack Obama (Exhibits, Spyware on me, Tax receipts from Chicago, IL 1995). I

283 allege that the defendants engaged in coercion to get me to engage these black politicians by threat  
284 of harm in my COM link device. (Polygraph) I allege that some of the defendants (Republican Party  
285 Associates) were able to interfere with Jesse Jackson's chance by having me near him in view and  
286 making him do something he did not want to, and then blackmail him to stay out of the race.

287

288 I allege they coerced me to do many things outside of my state that would have me in apprehension  
289 of harm and arrest continually as a way to keep me from leaving the state and to keep me a silent  
290 slave. Because Entrapment was clearly defined and discussed in the United States v Russell case  
291 (411 U.S. 423 (1973)), in the U.S. Supreme Court case Sorrells v United States, 287 U.S. 435, and  
292 Sherman v United States, 356 U.S. 369, the US government agencies do not have qualified  
293 immunity for their actions from 1973 to 2024 that were coercive should block the right to prosecute  
294 in that the right to a fair trial can no longer be guaranteed by exigent circumstances created by the  
295 government. No complaints indicate collusion on a federal and state level that can be traced back to  
296 the Department of Defense's DARPA project that they did to me as a baby, and the \$1 Trillion of  
297 data passing through the internet a day.

298

299 I took a polygraph with L. Stan Fulmer, someone that law enforcement has used in 18 states over 46  
300 years, including the city of Charleston and surrounding areas. He is currently practicing in Virginia,  
301 North Carolina, and South Carolina. He worked with the Department of Defense's D.O.D.P.I  
302 founder Dr. William Yankee building the computers that the polygraph world uses today to do tests.  
303 D.O.D.P.I. (the Department of Defense Polygraph Institute) has now been renamed.

304

305 He has also trained in house polygraph examiners for law enforcement agencies in the United States  
306 over the years. He is a college graduate of the University of South Carolina. The Department of  
307 Defense gave L. Stan Fulmer a 98% accuracy rating on his skills set.

308

309 In polygraph exams taken January 2<sup>nd</sup>, 2017 and on May 29<sup>th</sup>, 2020 with Mr. Fulmer, I stated the  
310 following: that, “I do not run out on my tabs.” (January 2<sup>nd</sup>, 2017). When I was out with a man  
311 when I was in my 20s in the 1990s, I had been seeing, we had been out before, I had left he  
312 restaurant in anger. He had always paid. So, I did not see that as running out on my tab.

313

314 “Credit card pushes were explained to me originally at 18 years of age more than once. Knowing  
315 this, I left a location without talking to the front desk to avoid a man who had been following me.”  
316 (May 29<sup>th</sup>, 2020, Sentence #58)

317

318 This is important in that someone knew that my first polygraph did not cover the leaving of a hotel  
319 on camera, making L. Stan Fulmer’s work look faulty. It is not. This could jeopardize 46 years of  
320 cases in 18 states, causing the cases to go back to the appellate on new information that is false.

321

322 Cause of Action #12

323 Threat of Unlawful Arrest (Title 28 U.S.C. § 1495)

324 The duty of the Administrative law judge is to acknowledge C.F.R. 6 Section 35.108(d)(1). It states  
325 that a federal district judge can only determine if discrimination had occurred, and to not review  
326 whether or not I am disabled “enough” after I have been already through the process.

327

328 Based on the lawsuits towards Republican run agencies, firms, and political arms coming from me  
329 in the last 8 months, talk of overturning my designation to protect others from lawsuits was  
330 considered by a judge. The judge decided I “sounded” okay or seemed “okay”. This includes  
331 Donald Trump, because the statute of limitations ends at 3 years to sue after the incident occurred.  
332 His comments stem from a 2021 event.

333

334 Adminstrative law judge is looking to overturn the fact that I have been recorded mentally disabled  
335 by the Social Security Administration over the last 10 years, and visibly disabled over the last 25.  
336 The harm in not being designated mentally disabled makes it easier for the government to claim that  
337 I am competent to stand trial on charges that were created to keep me from my court judgments or  
338 speaking out on any of the crimes of law enforcement witnessed.

339

340

341 The fiber optic cable in my eyes (attachment) were not put in by me, was done without my  
342 permission, and is an unlawful wiretap as outlined in the 4<sup>th</sup> Amendment Supreme Court case Katz v  
343 United States, 389 U.S. 347 (1967). The solution that has been a long held policy of the Supreme  
344 Court was to throw out the conviction, without a retrial.<sup>1</sup>

345

346 In The Supreme Court Case Kelly v Curtis, 21 F.3d 1544, 1544 (11<sup>th</sup> 1994), the held that for an  
347 arrest warrant to be issued, "...the 4<sup>th</sup> Amendment requires a truthful factual showing inthe affidavit  
348 used to establish probable cause."<sup>2</sup>

349

350 I allege they are colluding to separate me from any finacial wealth (realized or future) for  
351 themselves in the Republican party and other cohorts that work with them. Specifically, the \$1.8  
352 Billion total that has been in reserve in a "mystery" account at the South Carolina Department of  
353 Revenue.I was made to do illicit things as a child and throughout my life on purpose to later  
354 blackmail me so I won't sue DARPA and other government agencies and discredit me as a witness  
355 to wrongdoing by law enforcement (polygraphs).

356

---

1 Silverman v United States,

2 Civil Liability for False Affidavits, by Bryan R. Lemons, Acting Division Chief , Federal Law Enforcement Centers

357 I have sent my evidence along with information regarding a statement Donald S. Trump to President  
358 Joseph Biden's Administration as well as Special Counsel Jack Smith in April and May  
359 respectively.

360

361 FTCA has the statute of limitations on a claim for a disabled person as up to one year after the  
362 person's death, not the 3 years within the time of the infraction. That is why they are trying to  
363 undermine my disability protection with an arrest. I tried to send for help via e mail to a series of  
364 newspapers and was blocked.

365

366 Couple this with rumors of Apophis hitting the earth in 2029 versus the 2036 date given, and the  
367 mass exodus of tech companies and other businesses towards the states with space programs and  
368 launch sites, and you have strong motive for why they would do such without thought of reprisal.

369

370 I allege the Administrative law Judge has also engaged in collusion with the Republican Party  
371 Members who are using court illicit funds for their lifestyles in SC.

372

373 The statute of limitations on an FTCA complaint and other laws that give standing to sue are  
374 "tolled" or blocked from running as long as a person is disabled. I have been mentally disabled as  
375 recorded by the Social Security Administration since 2015. I had been in and out of mental hospitals  
376 and to other doctors due to rapes, and birth defects in my skull giving me mental problems (Exhibits  
377 – CT scans of bone tumors in the skull).

378

379 Once it was seen on my phone from a hack or search warrant that standing to sue was being  
380 researched, activity to get me arrested on anything began to happen.

381

382 I am trying to keep my small LLCs I hoped to live off of alive by using the internet to move product  
383 and talk about issues to help others. Because I have been to and taken to mental hospitals sometimes  
384 by law enforcement over 22 years in the local area, they are familiar with me and my diagnosis.  
385 Because of this, they are aware of the multiple addresses I have had in the area and that I am prone  
386 to having financial difficulty and had to move home several times because of my disability.

387

388 This past time, I was blocked from getting my car back from a repair shop, causing me to lose my  
389 place where I lived on my own. If I am arrested, law enforcement is aware that it will keep me in  
390 debt, and in the county where they can keep my mouth shut about crime, and other matters. Title 18  
391 Section U.S.C. §§1581,1595 makes it illegal to put a person in peonage. I was threatened with arrest  
392 if I go near my brokerage accounts for my LLCs to try and raise capital to try and work for myself  
393 again.

394

395 The Administrative Law Judge has allowed local Vocational and SSA offices to ignore the renewal  
396 of my disability granted in November of 2024 and expects me to go through the whole process  
397 again. This violates my due process rights under the Americans with Disabilities Act, as well as the  
398 14<sup>th</sup> Amendment. 20 C.F.R. 35.108(ii) only allows for federal judges to determine if I have been  
399 discriminated against, not whether or not I am disabled at the point of a complaint being filed.

400

401 Title 18 U.S.C. Section 242 makes it illegal for a United States government employee to willfully  
402 violate the rights of a United States citizen. Because of the knowledge required of a sitting United  
403 States Administrative law Judge or Federal District court judge, ignorance of the law would not be  
404 an excuse; “knowingly” is not plausible either, in that the power in the hands of the judge is based  
405 on will, so this was not an accident.

406

407 Based on Katz v United States, the US Supreme Court has already held that unlawful wiretaps and  
408 creating exigent circumstances are not allowed by law enforcement to create an arrest. (Silverman v  
409 United States). Prior to Katz v United States, law enforcement around the country was warned not  
410 to do such. The Katz v United States was a way for the Supreme Court to send a message that if you  
411 defy them and the United States Constitution, your case will be reversed, meaning your warrants  
412 and cases will be thrown out.

413

414 Injunction – I am asking that federal warrants be issued by the court against any arresting officer of  
415 me in these matters under Title 18 Section 402, in that they are violating a federal statute as well as  
416 indirect contempt of court of the United States Supreme Court at an alarming rate.

417

418 Cause of Action #2

419 Conspiracy Against Rights, Right to a Private Attorney (6<sup>th</sup> Amendment)

420 In the case Luis v United States U.S. , the U.S. Supreme Court ruled that a person has the right to  
421 get a private attorney with their own funding. The breach occurred when law enforcement refused  
422 to investigate anything I have brought to them regarding financial matters that I need. Because it is  
423 known from the perpetrators and defendants that I will not get law enforcement's help from  
424 observing me from the spyware devices in me (Exhibits), they are brazen to do crimes at me  
425 without fear of arrest or lawsuit.

426

427 I am threatened by individuals in my COM Link device and coerced to spend my money in stores  
428 against my will to keep me from leaving the state to get help. This allows me to be kept in place  
429 here, unable to sue with an attorney the SCDOR and other Republican individuals who keep  
430 insisting the \$1.8 Billion is a strange coincidence. The injury by the defendants including Donald  
431 Trump is that consistently voicing their disapproval of comments I made signaled to others that it

432 is appropriate to hurt me physically and taken from. It has also scared some people in law from  
433 helping me. So, I need more resources to get an attorney than I would have.

434

435 North Charleston, SC is where I was born; it is where the devices that are used to make me a slave  
436 here were originally retrofitted (Exhibits.) Bones in the body harden between 12 and 15 weeks in a  
437 person inside of the mother's womb. So, the devices had to have been put in me as a zygote, the  
438 stage right before you become a fetus.

439

440 The bones of a female stop growing approximately at 18 years of age, and males 24 years. The  
441 osteoma tumors in my skull and devices in my torso have bone grown around them. The United  
442 States government has a stake in making sure I am discredited and thrown away to keep all parties  
443 involved from speaking out. The legal implications of making me a slave at birth, while others in  
444 the Northeastern US and Western US use me as an internet mobile hub (Exhibits - CT with contrast)  
445 is dire enough that these men and women would coordinate in discrediting me and making sure the  
446 public does not know I exist.

447

448 They will possibly allow me to be heard about to make sure last minute communications travel  
449 through cell phones where there are no towers to catch last minute signals (Exhibit) least until take  
450 off before Apophis mysteriously shifts track and heads towards us.) They are incentivized further by  
451 the possibility of such an impact, and do not feel that they have to explain a lot in private their  
452 actions.

453

### Cause of Action #3

454 Trafficking with Respect to Peonage, Slavery, Involuntary Servitude, or Forced Labor<sup>3</sup> (Title 18  
455 U.S.C. §1590) Trafficking, with regards to Peonage, and Slavery (Title 18 U.S.C. §1581) - I allege

---

3 From the Department of Justice website, <https://www.justice.gov>

456 that members of the Republican Party have used me throughout my life for financial and political  
457 purposes since my birth in 1973 unlawfully as a slave and a spyware component (Title 18 U.S.C. §  
458 1201,1590,875(c)). I allege the Republican Party members in South Carolina worked with federal  
459 government agencies to get spyware in my body in a military hospital I was born in in North  
460 Charleston, SC (Title 18 U.S.C. §§241,242,2422,245,249,13<sup>th</sup> Amendment).

461

462 I was used to spy on Barack Obama, Jesse Jackson Jr., and another prominent black man in New  
463 York the Republicans thought would most likely be the first black President (Exhibit – Polygraph). I  
464 did not give permission to have devices put in me; I was under force to do the things they wanted to  
465 get dirt on the men for blackmail purposes. They were able to get blackmail on Jesse Jackson, Jr.,  
466 and the black business man from New York, but not Barack Obama. (Exhibit -Polygraph).

467

468 Cause of Action #4

469 Conspiracy Against Rights, Attempted Murder by Lynch Mob, (Title 18 U.S.C. §§113,241).

470 The President of the United States, Former Presidents, and President-Elect have a duty to uphold  
471 the office in regard to abiding by the Constitution. I allege that Donald S. Trump breached his duty  
472 to do so by planning to have me horsewhipped if he should return as President of the United States.  
473 The harm caused is that I cannot get cooperation from others to get my property back to get away  
474 from the men and women who would whip me on his return to office.

475

476 In the United States v. Guest, 383 U.S. 745 (1966) , the United States Supreme Court held that  
477 the defendant President-Elect of the United States was a civilian when he made comments last night  
478 and 2 years ago directly at me that I heard in my COM Link device.

479

480 Qualified Immunity does not apply in these matters; he should not have the protection in that they  
 481 were said at private events and not in the capacity in the duties as President of the United States.

482

483 It has caused me great stress and harm; I have not been able to get cooperation from local law  
 484 enforcement on other matters nor help from other government agencies that did not want to offend  
 485 him in the state of South Carolina. I have miscarried in the past and am having ulcers and lack of  
 486 sleep here. I cannot get cooperation getting automobile back from a shop to leave town to be in a  
 487 more Democratic Party friendly state.

488

489 The likelihood of assault from MAGA supporters is high because of his discussion with his staff  
 490 the day after the election of wanting to see me whipped after he got to office. I am still pregnant,  
 491 and his request puts the children in me in direct danger, a violation of S.C. law, Fetal Protection Act  
 492 of 2023, and child endangerment laws concerning homicide of a fetus. Whipping me will most  
 493 likely send me into shock and death in that I am in ill health, as well as the child (Exhibit).

494

495 Cause of Action #5

496 Aiding and Abetting Interference with an Election, (2024 Presidential Election)

497 The duty of the defendants is to not use their government authority to intervene with a Presidential  
 498 Election. They breached that by making sure I did not have equal protection under the law when I  
 499 brought medical (exceptions 2) and other matters to the defendants, many attached to the  
 500 Republican Party. (Moore v Ruyska).

501

502 The gear train in my face (Exhibits -Medical CT scan from hospital) that has wires around my head,  
 503 along with the gear train throughout my body (Exhibit – Medical CT scan from hospital) was  
 504 constantly being adjusted and pulled as I was being yelled at in my COM Link device by white

505 women and men the last 4 months I was working on this. I was fatigued, slowed down from the  
506 blood vessels in my head being tightened to where not enough blood flow reached my brain  
507 consistently.

508

509 The harm is that had the Trump organization not gotten individuals inside of DARPA or any of the  
510 other facilities that have control panel access to intervene, I would have written this in time and  
511 gotten it to a court in July or August. The perpetrators intervened and tightened the wires that run  
512 through the gears in my skull to slow oxygen to the brain with the motor in my abdomen (Exhibits),  
513 which made me groggy and confused sometimes to slowing me down, while I wrote.

514

515 Again, someone shot me November 10<sup>th</sup>, 2024 twice around 1:01 pm; possibly to slow me down for  
516 some purpose relating to me trying to send this pleading., dumbing me down again (Exhibits).

517 The Injury is that a fair election didn't occur because the public was not allowed to know these facts  
518 in time to determine if they want a leader that would damage critical internet infrastructure for the  
519 sake of his ego and his wife's honor. People all over the world use their mobile browsers not  
520 knowing that the components in me and others in the project from DARPA's extending of the  
521 internet into the commercial sector by Robert Kahn and Vinton Cerf (Brother,sister,) have to be  
522 mobile to keep it encrypted in a way that keeps hackers from having a static point of entry.

523

524 There is an alleged ARPANET transceiver in my abdomen (Exhibits – X-Ray, 2009 hospital,  
525 Trident Medical Center), along with the wires that run up to blades in my skull (Exhibits – CT  
526 scans, MUSC Medical Center), and pins in my skull bone and body that are sharp and hurt (Exhibits  
527 – CT scans, MUSC Medical Center). DARPA made ARPANET mini transceivers that are mobile.

528

529 The two pins on the sides of my temple bone make a colon symbol ( : ). The two blades in my  
530 head if facing one way make two forward slashes ( // ). So, the Arpanet system that became the  
531 current commercialized internet by DARPA's Robert Kahn and Vinton Cerf of Google, Inc. Use me  
532 as part of the hardware infrastructure throughout my life for the United States Internet as a browser.  
533 So, these men figured out how to make \$1 Trillion in data pass through my body a day without  
534 anyone knowing it.

535

536 I did not give permission or agree to spy on anyone at anytime for the United States government; I  
537 was under force to do things against my will so others in Washington, D.C., the United States  
538 Military, and other parts of government could look at things without losing their careers or standing  
539 in society.

540

541 DARPA, the creators of the original internet, used a main frame computer system and an internal  
542 network for the Pentagon called ARPANET. My dad was a black accountant in the Navy. He retired  
543 a Master Chief, so there was no issues with his service upon retirement.

544

545 However, the government was known to not trust black men with money duties. This may be why  
546 they put the fiber optic cable in my eyes in the first place (Exhibits - CT scan - MUSC). Later, it  
547 was used against other politicians. I have been being watched all these years without reasonable  
548 suspicion and whatever exigent circumstances they can put together if they need to silence me on  
549 anything.

550

#### Cause of Action #6

551 Conspiracy to Kidnapping (Title 18 U.S.C. §§ 1201, 956, 241, 1201)

552 The US has no warrants on me that I know of; I ran a background check from the South Carolina  
553 Law Enforcement Division in 2020 on myself, and did an online legal background check on myself.

554 I have the right to leave the country to travel. The US Constitution allows for this under both the  
 555 Commerce clause, and 10<sup>th</sup> Amendment, where if the rights are not outlined in the U.S. Constitution  
 556 specifically, it is given to "...the States and citizens, respectively." The breach is when law  
 557 enforcement insisted that the inflated estimate on my cars to keep me in the area were "civil  
 558 matters" when theft of automobiles is a felony outlined in S.C. state code 16-21-80 (2023)  
 559 is keeping me from leaving here where the defendants can have me horsewhipped and hurt. The  
 560 injury is kidnapping and unlawful confinement in a house, where I was put back to work on things  
 561 on my computer for others.

562

563 The theft aslo blocked me from aising enough to move abroad to save my life from Trump  
 564 supporters and other hate group factions. I wanted to leave the country to avoid Trump supporters  
 565 whipping me in Melania Trump's honor.

566

567 Cause of Action #7

568 (Conspiracy to Lynch (Title 18 U.S.C. §§249(a)(3),249(a)(5))

569 There were what could be considered national security data in the letters regarding explosive and  
 570 incendiary devices. (Exhibits, -letter to both men). It is clear that my being whipped could detonate  
 571 the devices, 7 babies that may still be left alive in me, and the ARPANET transceiver I allege was  
 572 from DARPA and the working components in me (Exhibits). There is indication that the  
 573 components in the aggregate create a browser entrance/exit point to the land line internet (Exhibits).  
 574 I was supposed to be mobile; my last car taken from me was to keep me in place so I could be  
 575 killed. They were told to return my car to me; instead, they parked it one street over and acted like  
 576 they returned it from a repair shop. (Moore v Fender Mender Collision).

577

578 Cause of Action #8

579 Conspiracy against Rights (Privacy), Deprivation of Rights, Inciting a mob to kill (Title 18 U.S.C.  
 580 §§241,242) Republican Party

581 Duty is to respect the public's right to pursue a government office and to vote for who it offers. The  
 582 breach is that the Republican members of DARPA used me to spy on black presidential hopefuls in  
 583 the 1990s. (Exhibits).

584  
 585 The harm is that I did not know they had done this to me until after Robert Kahn of DARPA had  
 586 died in 2021(Exhibit), effecting the outcome of our nation's possible history for whatever first black  
 587 president would have been. The injury is that I am thoroughly traumatized and riddled with glass  
 588 and injuries from being coerced to go places I would not have in my lifetime so their party can bury  
 589 men who made mistakes, or in some men's case, forced to make things happen. (Jesse Jackson, Jr.)

590

591 Cause of Action #9

592 Mental Abuse of a Vulnerable Adult (by way of Intimidation and Assault), (1<sup>st</sup> Amendment, Title 18  
 593 U.S.C. §§ 241,242)

594 Last night, November 5<sup>th</sup>, 2024, in my COM Link, Presiden-Elect Donald S. Trump threatened me  
 595 in my COM Link. "I don't care, you shouldn't have said it," When we get back in there..." "You can  
 596 stop talking if you wanted to, and you know it." I have brain tumors that are permanent bone. They  
 597 didn't appear overnight from pins my body and pressure in my head from being "squeezed" for  
 598 information from the wires and gear train in me. The crowd in the background is why I believe I  
 599 was hearing him in real time.

600

601 When perpetrators who use me to pass information against my will want to hear things, they adjust  
 602 and tighten the wires in me, which with a lack of oxygen can cause me to ramble. The process of

603 using common moments in life to manipulate an outcome is called social engineering; DARPA has  
604 a division dedicated to it (Exhibits).

605

606 The defendants in law enforcement have a duty to allow the government to be petitioned for  
607 grievances, including a police report. That duty was breached so many times from past responses  
608 from law enforcement when I was in danger I have fostered the environment that it is okay to  
609 violate Title 18 U.S.C. § 241 and 242 in terms of lynching. They are the direct cause that other  
610 departments and officials have denied me equal protection of the law since 1973 from South  
611 Carolina law enforcement. The injuries is that the MAGA supporters will feel it is okay to come to  
612 town and do me and my family bodily harm.

613

614 Cause of Action #10

615 Assault and Conspiracy (Title 18 U.S.C. § 113, Title 18 U.S.C. § 241)

616 The defendants have a duty to uphold the 1<sup>st</sup> Amendment, including not do physical harm by  
617 retaliating over a comment. The breach of this occurred of putting me in fear of bodily harm  
618 continually as caused me the injury of emotional distress as I am dreading the day of President  
619 Trump's return to office and being beaten to death from a lynch mob.

620

621 The cause of this came from recordings and verbal threats at me from Mr. Trump at his election  
622 campaign headquarters from a far in my COM Link (Exhibit). Donald Trump said to me under his  
623 breath in his mic/phone, "Karen, you had it coming..." "You knew you could stop talking if you  
624 wanted to..." (November 5<sup>th</sup>, 2024 10:10 pm, EST).

625

626 The cause of the injuries of this cause of action also come from threats from law enforcement. (“Got  
627 your sh\*t kickin’ boots on, boys?!?!”) as well as conspiratorial conduct to make sure they did not  
628 get involved if I am attached.

629

630 Some of the conduct I experienced with local law enforcement include (but not limited to) no  
631 report, making me fill out the report myself (Goose Creek Police Department on base complaint),  
632 closing a complaint same night (Goose Creek Police Department), threatening me with arrest if I no  
633 wrong doing is found about an officer complained about by Internal Affairs staff (Goose Creek  
634 Police Department), suggesting I go talk to mental health (Berkeley County Police and Goose Creek  
635 Police Department).

636

637 The injury is that MAGA supporters who are in the state have some assurance that they can rely on  
638 law enforcement members to pick me up on what looks like a legitimate pick up (Moore v 4  
639 unknown Police Officers). The incident has occurred before without any reprisal against the officers  
640 who picked me up in 2018 on a medical pick up order and harmed me in revenge of asking to be  
641 transferred for ill treatment at a hospital.

642

643 Further, the defendants breached their duty not to assault or commit battery or conspiracy when 4  
644 officers in 2018 they slammed me on my stomach 9 months pregnant on a medical pick up order,  
645 causing broken glass in me from rape with a beer bottle to go further into the child in me (North  
646 Charleston Police Department), failure to take report of rape in the Catholic run hospital system  
647 Roper St. Francis, where the baby came from (Charleston Police Department), would not take  
648 police report of child being assaulted next door to me (North Charleston Police Department), Did  
649 not let credit card thieves who work in Charleston International Airport to answer for credit card  
650 theft even with the acknowledgment of the thief (they are protected; Elliot Summey, Mayor of

651 North Charleston at the time Keith Summey's family member runs it.) They all fostered an  
652 environment by quiet and public conspiracy (Summeys comments about ["We can't help you people  
653 solve your problems for you."]) in a news cast).

654

655 Cause of Action #11

656 Peonage (Title 18 U.S.C. §1581,1595, Title 42 U.S.C. § 1982)

657 The police had a duty to handle my concerns with equal protection under the law, including my  
658 right to own property under Title 42 U.S.C. 1982. This was breached when none of my concerns  
659 concerning car theft from inflated estimates, and fraud as outlined in Title 18 U.S.C. §1001 by the  
660 repair shops and Ginger McCleod at the SC Insurance Agency, keeping me right where these violent  
661 offenders and MAGA supporters individuals would want. (Exhibits).

662

663 The breach occurred when officers insisted that filing false documents to steal cars interstate was a  
664 civil matter, and not a violation of Title 18 U.S.C. §§2312 and 2313. The causation of the injury of  
665 being beat to death by MAGA supporters is that this keeps me from escaping those that have  
666 attacked me over the years in my hometown without help from people here.

667

668 Other injury from this is that the car thefts keep me from making enough to pay for bills, to stay out  
669 of debt. I am in danger of being arrested under false charges, specifically as an act of Peonage as  
670 stated in Title 18 U.S.C. §§ 1581,1595. Because the energy around Donald Trump's return to office  
671 is heightened in my state at this time, it is likely I will be randomly picked up, even temporarily  
672 where I can be put in harms way after I lose my place again to be harmed in the open.

673

674 Because these law enforcement agencies are working in concert together, I am not able to keep my  
675 businesses from going under in the state. I was threatened with arrest if I tried to access my  
676 businesses' stock trade accounts in my COM Link device.

677

678 Cause of Action #13

679 Criminal Interference with Housing - (Title 42 U.S.C. § 3631)

680 The defendants had a duty to keep in align with US federal policy to allow citizens to have home  
681 ownership as found in Title 42 U.S.C. §1982. It states,

682

683 Criminal Interference with Housing Rights (Title 18 U.S.C. § 3631) by making sure my credit was  
684 damaged to keep me from moving from South Carolina; they plan to be the state that held me to be  
685 whipped for Donald Trump and keep the money allotted to me from court judgments that was set  
686 aside under seal. The defendants plan was ta breach to the 4<sup>th</sup> and 14<sup>th</sup> Amendments in keepng  
687 property without due process and by way of fraud to keep me from home ownership outside of the  
688 reach of South Carolina government.

689

690 Allowing my cars to be taken out from under me on inflated estimates twice for the monetary  
691 reason and then for the Trumps to have me whipped later for offending them is a motive that a  
692 reasonable jury could accept because of the large amount claimed was taken and put in an account  
693 (\$1.8 Billion) and the curse word I said at her in frustration ("c" word.") that the money due me was  
694 to never be known to me or spent by me; I was to die then, then my relatives, then it stay in an  
695 estate account for others to divide out to themselves.

696

697 These statements are true to the best of my knowledge.

698

Cause of Action #14

Aiding and Abetting Slave Owners (Title 18 U.S.C. §§ 3, 241)

699

700

701

702 The duty was to take the grievance that I petitioned and investigate it (1<sup>st</sup> Amendment). The breach  
703 by law enforcement is when I told law enforcement by E Mail, and on the phone (SLED call  
704 erased) that I was being trafficked as a slave but it was not investigated.

705

706 The harm is that I was put back to slavery. The injury is that my children are dying in my body that  
707 I have left (Exhibits) and no one knows they are still there but the hate group individuals watching  
708 me who keep turning the gears to force the glass into the body and face of the babies still in me.  
709 They may be handmaid babies to keep the transceivers safe or to do barratry cases to collect. The  
710 injury to me from the devices shooting me multiple times and possible detonation is also a problem.

711

712 I also told other South Carolina Agencies (Moore v SC Disability Office - Amanda Finley) and  
713 including a court clerk (Patricia Howard) and could not get their help. I did not get to use Cook it!  
714 Bake it! Make it! Because local law enforcement was trained that theft of things of value were  
715 “civil matters” and not crimes if the perpetrator is from the white community and within their circle  
716 of trust (Klan, Republican, crime ring, etc.)

717

718

Cause of Action #15

Unlawful Wiretap / Eavesdropping (Title 18 U.S.C. §2515, S.C.16-17-470) -

721

722 I have a COM link device in my ear, a tranceiver in my body, and wiring throughout me that  
723 controls gear trains and that has data travelling across it, and a device that looks like an ARPANET

724 tranceiver of of the Department of Defense's DARPA's website (Exhibits). With the robotics in my  
725 body (Exhibits) the controllers were able to make me do illegal things without me understanding  
726 how they did it.

727

728 The government had a duty to follow protocols consistent with the 4<sup>th</sup> Amendment to get permission  
729 from a judge for any type of warrant, including wiretapping me or my property. The breach by the  
730 government of the unlawful search is evident in that I was wiretapped as a zygote. No reasonable  
731 suspicion could have happened at this point to justify the wiretap. (Katz v United States). Bones  
732 harden at 10 to 15 weeks in a zygote to fetus stage in the womb. So, for the COM Link, blades in  
733 the center of my skull placed in a pattern, and the fiber optics in my eyes would have had to be put  
734 in me as a fetus.

735

736 The harm is that my private life has been thoroughly ransacked. The injury is that even though I am  
737 telling the truth about the issues at hand, if law enforcement only saw a few things out of context,  
738 like the fact that I was under force, but not seeing the objects put in me, they may say I am lying. I  
739 cannot be guaranteed the required fair and speedy trial in a criminal case if it should arise from the  
740 civil matters filed. At this point, it would be appropriate to allow an acquittal from such conduct.

741

742 I was not walked through my records until 2021 in my COM link device while watched through  
743 fiber optic cable in my eyes. It was too risky (from reprisal from defendants) and dangerous  
744 (possible explosives in me) for anyone to come to me and sit next to me and show me.

745

746 Cause of Action #16

747 (Unlawful Concealment, Fraud) (Title 18 U.S.C. §§ 2 and 3)

748

749 In 2024, I read an article about \$1.8 billion dollars showing up in a “mystery account” inside of the  
750 South Carolina Department of Revenue’s accounts. The state of SC has a duty to protect the legal  
751 process. The breach I allege is that employees of South Carolina government allowed court cases to  
752 be run under seal with my information, or at the least, pocketed the gains in secret. The breach was  
753 that I wasn’t able to see what the who put the components in me did until after they died. The injury  
754 is since then, I have been miscarrying pregnancies, suffered mental episodes, lost jobs, friends, and  
755 opportunities in life. I am hemorrhaging daily; I have lacerations on my liver and other organs from  
756 broken glass from the fiber optics that have broken in me and scratched and cut my insides  
757 (Exhibits).

758

759

760 Cause of Action #16

761 Conspiracy against rights (Title 18 U.S.C.§241 and Title 18 U.S.C.§1001)

762 I allege that a Federal Administrative law judge is colluding with the defendants and other  
763 individuals who use me from suing the United States government by ending my statute of  
764 limitations protection given as a disabled person under state and federal statutes. It also causes me  
765 to not be able to renew Cook it! Bake it! Make it!

766

767 He had a duty to uphold the Code of Federal Regulations for the Social Security Administration  
768 agency’s conduct when he presided over any hearings. He breached that by agreeing to allow me to  
769 be re-examined after I had just been through the renewal process in November of 2023. The harm it  
770 did was emotional duress that was debilitating from confusion of trying to figure out why I have to  
771 go through the process again. The injury, is I was having difficulty focusing on other things  
772 concerning business, my health (cancer recurrence issues), and law matters.

773

774 I am still a slave, specifically over Cook it! Bake it! Make it!, the trademark I have been blocked  
775 from using to its fullest over 13 years. The judge's action has been instrumental in protecting The  
776 Department of Homeland Security, DARPA, and other major agencies I planned to sue for the \$1.8  
777 Billion amount that just so happens to be in a mystery account in South Carolina's Department of  
778 Revenue account. That is where money of a deceased person would be sent if they had no way of  
779 locating next of kin.

780

781

782 Cause of Action #17

783 Assault and Battery, Coercion (Title 42 U.S.C. 3617)

784 Members of white hate groups in the area and in government have been allowed to access the gear  
785 train in me and to force me to stay in the area so they can control me (Exhibit). I am forced to buy  
786 more than I want to at Walmart and other stores that won't take returns to keep me in debt and in  
787 range to be harmed here. They have some ownership in the local stores and insisted it be spent on  
788 theirs. This also keeps me from an attorney so I can't sue the organizations they are also connected  
789 to in the state.

790

791 Keeping me in the house I live in allows the hate group members who were told not to hurt me to  
792 access a signal to the transceiver and have caused me internal injuries.

793

794 I was raped in my 20s 3 times, and again in 2017. A beer bottle was involved and has been cutting  
795 me and the remains of two of 5 babies inside of me. 2 of the children are still alive in me as of  
796 October 7<sup>th</sup>, 2024. I cannot get local hospitals to acknowledge the pregnancies or the devices after  
797 15 years of trying. One of the Klansmen drove me in an Uber made sure a beer bottle was right in  
798 front of me to make sure I remember what they did to me under the 1<sup>st</sup> Trump Administration.
